FORWORD

The Midcareer Executive Development Course (MEDC), a part of the Midcareer Training Program, is the product of the determination at the highest levels of the Agency that promising officers be given an opportunity to widen their understanding of Management Practices, of current developments and problems in the Agency and the Intelligence Community, and of major issues facing the Government especially in the international field.

Phase I of the Course consists of a study of "The Managerial Grid" as a framework for understanding and applying effective managerial behavior. It provides an opportunity to examine individual assumptions and to practice selected skills.

Phase II deals primarily with the functions, relationships, and problems of various Agency components, and, to a lesser extent, with the activities of certain other organizations in the Intelligence Community.

During the final portion of the Course, Phase III, attention is focused primarily upon major developments and trends in World Affairs and upon some elements of national power which affect the U.S. Government's ability to exert influence on the international scene.
